

Core Values

OUR MISSION

-  Vaculug seeks to be the UK's first-choice single-source tyre solutions provider by delivering the best products and exceptional value for money.

OUR AIMS

-  To produce a first-class retread tyre range in a safe and efficient manner.
-  To utilise VMS, our industry-leading tyre fleet management system, to manage any fleet, no matter how diverse, in a compliant, cost-effective and comprehensive manner which meets all customer needs.
-  To work with our business partners to offer the most flexible and best value for money products and services.
-  To promote the environmental benefits of retreading and reduce our impact upon the environment in everything we do.
-  To develop new products and processes to benefit operators in all sectors of the market.
-  To value and develop the skills of our people to ensure our goals are achieved.
